CATALOGUE J-52

LIBRARY
MAR 23 1953
U. S. PATENT OFFICE

The fixtures in this catalog represent:

1. Original engineered designs for maximum lighting efficiency, all equipment U.L. approved.

2. Quality control because all fabricated parts manufactured in our complete plant equipped for metal stampings, high quality paint finishing, glass screening, bending and firing.

U. S. Patent Office
MAY 25 1953
Design Division

3. We sell to thousands of Electrical Wholesalers, of whom will certify as to the value of our products.

4. Firm price policy—your assurance that price established applies to all.

5. Sales Policy — our products are sold only thru Electrical Wholesalers with constant screening: by our Salesmen, N.A.E.D., D. & B., E.M.C.B., and others.

6. We hope you will find this catalog interesting and useful. Additional copies will be forwarded upon request.
